SKIN AND FOOT CARE

Section 9

Proper skin and foot care are especially important for people with diabetes. The following items were developed with those special needs in mind to help care for dry skin and foot conditions associated with diabetes.

Dermal Therapy

Doctors and nurses recommend this therapeutic moisturizer to heal dryness. Specially formulated with urea, a moisturizer that acts as a hydrating agent to "unpack" hard, dry skin; alpha hydroxy acid, a proven exfoliant; and silk proteins to soothe and moisturize problem areas. Clinically proven effective.

- Body Lotion 8oz Item # 3975786
- Face Care 7oz Item # 3975737
- Finger Care .6oz Item # 3432663

- Foot Massage 3.5oz Item # 3432671
- Hand, Elbow, Knee 3.5oz Item # 3432689
- Heel Care 2oz Item # 3246717

3-M Foot Emollient Cream

3M Foot Emollient Cream is a moisturizing barrier cream that is rich in lipids allowing it to treat and prevent dry skin and protect red, irritated skin associated with foot and leg conditions. Item # 4109500
